

GOVERNANCE REPORT

GOVERNING LEGISLATION AND REGULATION

The credit union is established under the legislation of the Province of British Columbia. It is regulated by the BC Financial Services Authority (BCFSA).

Key legislation regulating the operations of the credit union includes: the Financial Institutions Act, the Credit Union Incorporation Act, and the applicable sections of the British Columbia Business Corporations Act. It is a requirement of the legislation that the credit union provides BCFSA with monthly, quarterly and annual reports and filings, and other such reports as may be requested. The Credit Union's Rules may be found online at www.sunshineccu.com/Rules.

THE ROLE OF THE BOARD OF DIRECTORS

The Sunshine Coast Credit Union Board of Directors represent and are accountable to membership. Sitting independently from management, the Board sets and supports the strategic direction of the organization.

Made up of nine directors serving a three-year term, directors are stewards dedicated to safeguarding the credit union. Their commitment in doing so means adhering to the highest standards of governance, financial management, professionalism, and continuing education. Directors may spend ten to fifteen hours each month preparing for and attending meetings, completing professional development, as well as attending events and planning sessions. Learning and development is a commitment of each Director and this is achieved through specific professional development, attending conferences, and inviting subject matter experts and guest speakers to share their knowledge at the board table.

An effective board is one that is diverse in qualities, expertise, perspective and demographic. Potential director candidates are assessed against a list of desired attributes the Board feels it requires to be most effective in representing the voice of the member.

POPULATING COMMITTEES

Board Elections

Board elections are held for those Committees where members are elected. These committees are the Audit Committee and Conduct Review Committee, which are required by the Financial Institutions Act to be standing committees of the Board which are elected annually from the Board of Directors. Board members are given an opportunity to nominate members for positions on these committees based on their expertise and knowledge in applicable areas. Nominees can choose to accept or decline a nomination. Elections are then held for those members who wish to stand, and the elected candidates are announced and the ballots are destroyed. At the first meeting of the Committee the Committee elects a Chair and appoints the alternate. Alternates are not required to attend meetings unless they are required to fulfill the quorum of three.

Board Appointments

Annually, the Chair of the Board will ask members of the Board to advise if they have any particular interest in Committee roles that are appointed. Using this information the Chair of the Board then populates the Committees that are not elected, balancing the skills required for each Committee with the workload for each director.
